

Specialists in Engineering Solutions for the Recycling and Material Handling Sectors

The Anaconda **FSL** Range of Mobile Tracked Scalping Screens are Heavy Duty Screens that has been developed specifically to suit the most difficult of applications.

The **FSL100** is one of the most robust and reliable Scalping Screens available on the market. Fully equipped with a Double Deck Vibrating Screen and the longest stockpiling conveyor possible this versatile scalping screen is capable of dealing with any application in which it may be placed in.

The **FSL100** can be shipped in a 40' container keeping shipping costs to a minimum. Set up is simple and the machine can be running within 20 minutes of delivery. Commissioning is aided with the hydraulic controls to position and guide the Conveyor and Double Deck Vibrating Screen.

Anaconda stock a full range of spare parts as a display of our commitment to provide a dedicated and responsive service to all our customers.
